Art Competition

The Flich Trials : A brief history

The centuries old tradition of the Dunmow Flich Trials. Mentioned in Chaucer's 14th century Canterbury Tales. This unique event is famed throughout the world. It happens every four years and brings our community together to celebrate true love and marriage.

Married couples must swear before professional legal counsel they have not argued for a year and a day. Their fate is decided by a jury. Successful claimants win a whole side of bacon and are ceremonially chaired through the town to swear the Flich Oath Before an assembled crowd of towns folk "May Dunmow Prosper"
